

Baneberry

T5L task light

T5L base model includes:

- Energy efficient T5 3500K fluorescent lamp
- High power factor electronic ballast
- 9' black power cord with 90° plug, sw rotation, right hand exit
- Black rocker switch, 2 position, right side of fixture
- Prismatic lens
- UV stable silver reflector
- Mounting hardware package - must specify
- Paint finish - must specify
- UL and CUL listed

Base Number	Suggested Shelf Size	Actual Length	Lamp Wattage
T5L 24	30"-42"	22.72"	14
T5L 36	42"-48"	34.53"	21
T5L 48	48"-60"	46.34"	28
T5L 60	60"-72"	58.16"	35

Specifying notes:

- The center (CC) cord exit is not available on the T5L 24.
- When specifying the daisy chain (DC) option for the T5L, specify one DCP (power cord fixture), up to 6 DCJ (jumper cord fixture), and one DCE (end fixture) - maximum total of 8 fixtures. See page 41 for more information.
- The power fixture in a daisy chain run can be specified as independent switching (DCP) or master control (MCDPCP).
- For all daisy chain fixtures (DCP, DCJ, and DCE) the cord location must be specified. Example: DCPR (right hand power cord), DCJR (right hand jumper) and DCER (right hand end unit).
- The DCP is available with a 90°, sw rotation fused plug only.
- All daisy chain fixtures are only available with black cords.
- The DCE has one 24" jumper cord with male plug to complete the daisy chain run.
- Maximum distance between 2 T5L daisy chain fixtures is 20".
- The FIC (field interchangeable option) is not available on daisy chain fixtures.
- Mounting options include spring bars for metal shelf, tek screws for metal screw mount, or wood screws for wood or laminate shelves. See page 46 for manufacturer's cross reference codes.
- Cord covers are available in black (209), gray taupe (228), light tone (063), stone gray (062) and stucco (073); color code must be specified with size of cord cover.

When choosing options refer to pages 38-43 to verify proper use.

- Specify base number for appropriate shelf size.
- Select option code from list.
- Select option code from list.
- Select paint finish from page 44.
- Select code for manufacturer and system name of unit that the light will be mounting in, page 46.

If manufacturer and system name code is not listed, identify them on your purchase order and a Light Corporation customer service rep will contact you on availability.

Call Light Corporation customer service to place an order, 1-800-544-4899.
Prices are subject to change.
