FT20 personal task light

FT20 personal task light includes:

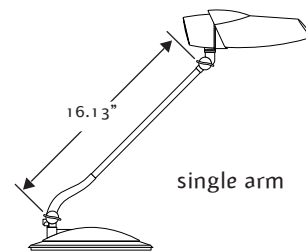

- 20 watt electronic self ballasted compact fluorescent 2700K lamp
- 6' clear straight cord
- Black rocker switch, 2 position
- Multiple mounting choices
- Finish - silver fixture with black head and base
silver fixture with white head and base
- UL listed

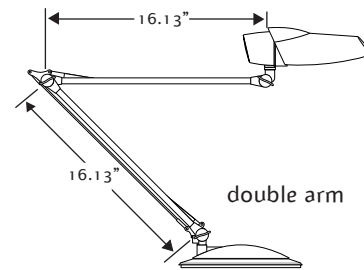

Base Number	Description
FT20 S	20 watt single-articulating arm
FT20 D	20 watt double-articulating arm

Arm options:

Single arm (S) straight arm that allows up and down movement of the arm. This option is ideal for small work spaces or offices where the mounting point is close to the task that needs to be illuminated.

Double arm (D) two straight arms, both arms move up and down. This option is ideal for large work spaces or offices where the mounting point is far from the task to be illuminated.

Specifying notes:

- The arm and head of the FT20 can be transferred from one base to another to accommodate reconfigured offices. Select the base / mounting application from the list on the next page.
- Panel mount design varies with office furniture system panel.
- Cord managers available as an option for panel mount. See task light pages for cord manger information and pricing.
- Finish must be specified on order, specify black or white.
- The freestanding base has a footprint of 7 1/4" x 9 1/4".
- Total weight of FT20 freestanding is 4 pounds.

FT20 personal task light

FT20 base model price less mounting

Base Number	List Price
FT20 S	\$ 175.00
FT20 D	175.00

FT20 option prices

Option	Description	Code	List Price
Mounting:	Freestanding	FS	\$ 0.00
	Clamp mount	CM	0.00
	Panel mount	PM	24.00
	Surface mount	SM	36.00

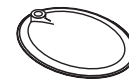

Mounting options:

Freestanding (FS) weighted base is supplied as the standard unless otherwise specified.

Clamp mount (CM) allows the FT20 to be mounted to most freestanding or hanging work surfaces. Adjusts to fit work surfaces up to 1.625" thick.

Panel mount (PM) allows the FT20 to be mounted to various office furniture system panels. System must be specified. See mounting cross reference page 58.

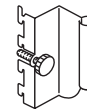

Surface mount (SF) allows the FT20 to permanently attach to a work surface.

How to specify the FT20 personal task light

Example FT20 S black

1. base model
2. arm option
3. finish

1. Specify FT20.
2. Select arm option.
3. Specify black or white.

When PM is selected, specify manufacturer and system name of unit that the light will be mounting in, page 58.

If manufacturer and system name code is not listed, identify them on your purchase order and a Light Corporation customer service rep will contact you on availability.

Call Light Corporation customer service to place an order, 1-800-544-4899.
Prices are subject to change.
