

MLED

THE WORK LIGHT, RE-WORKED

Now our best-selling fluorescent underbin fixture is available in energy-efficient LED—and it's the perfect solution for transitioning to this more environmentally-friendly light. MLED features brilliant LED light with integrated AC power. With three mounting options available and no power brick to manage, it attaches effortlessly beneath nearly all overhead office cabinets. MLED can be painted in over 180 color finishes and can also be ordered with an optional occupancy sensor for maximum energy-efficiency and long-term cost savings.

FEATURES AVAILABLE

- Integrated AC power
- Occupancy sensor

FEATURES

- Its integrated AC power means no unsightly power brick to manage.
- The optional occupancy sensor turns the fixture off after 30 minutes of inactivity and back on again as the user re-enters the workspace. If occupant is present, the light will remain on.
