

LIGHTCORP

WISTERIA

ANYTHING BUT BASIC

For environments where storage units or cabinetry block overhead lighting, Wisteria optimizes illumination. Ideal for lighting workspaces in offices, libraries, dormitories, and laboratories, its energy-efficient, low-mercury fluorescent lamp and prismatic lens work together to diffuse light, while a reflector controls light distribution.

FEATURES

- **Environmentally friendly note:** ELE high power factor (high performance) electronic ballast for increased efficiency.
- One cord clip is included with each fixture, two cord clips included with each daisy chain fixture.
- Allows for daisy chain linking up to ten fixtures maximum.
- VT60 fixture includes a high power factor electronic ballast.
- Non-standard finish colors available. See the Color Finishes Guide located on our website at lightcorp.com/files/resources/Color_Finish_Guide.pdf.
