

Semaphore T5 Series

[2 lamp]

Specifications

Features

Proprietary 96% specular modular reflector
Lightweight corrosion resistant aluminum alloy housing

Electrical

Thermally protected class P
HPF, sound rated, electronic ballast
10' power cord with optional plug
Rotary lock lampholders
Variable voltage for 120V, 277V, 347V, or 480V
UL / CUL listed
NOM compliant

Lamp

2 Ecologic T5 tri-phosphor
5000K fluorescent lamps
Color rendering index: 85

Mounting

Slip-Fit cable system
Hook and chain
Double Gripper
Rigid Mount

Construction

.040" aluminum die formed housing and end plates
End plates are fastened to frame with screws
Quick release access covers allows accessibility to ballast while hanging
Fixture weight: 12 pounds

Options

Occupancy sensor
Daylight harvesting
Up light reflector
Emergency ballast
Lens assembly
Cage assembly

Specific Characteristics

Initial Lumens: 10,502
Lumens per watt: 73
Fixture efficiencies: 95%
Total wattage IES tested: 115
Lamp life of 36,000 hours
Warm-up and restrike time 0 minutes
