

Jumbo / Mumbo

JU personal task light / MU LED personal task light

JU personal task light includes:

SIN # 711-01

- 13 watt compact fluorescent 3500K lamp
- Normal power factor magnetic plug-in ballast
- 8' black cord with quick connect feature
- Silver toggle switch, 2 position
- UV stable silver symmetrical reflector
- Multiple mounting options
- Finish - black or white with silver arm
- CSA listed
- Assembled in Michigan, USA

MU personal LED task light includes:

SIN # 711-01

- Three high power LEDs totaling less than 6.5 watts (9 system watts)
- 3500K color temperature
- 7' black cord fixture to power supply, 9' power supply to outlet
- Total cord, power supply length approximately 16'
- Silver toggle switch, 2 position
- Multiple mounting options
- Finish - black or white with silver arm
- Articulating arm has three pivot points, unique flexibility, and 90° of articulation
- Dimming and occupancy sensors are available
- UL/CUL listing
- Assembled in Michigan, USA

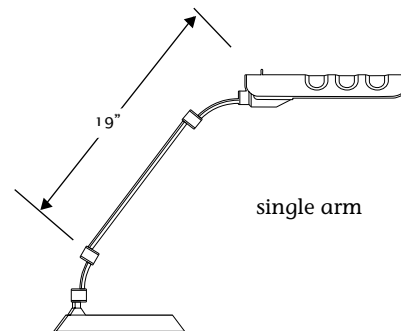

Base Number	Description
-------------	-------------

JU S	13 watt single-articulating arm less mounting
MU S	6.5 watt LED less mounting

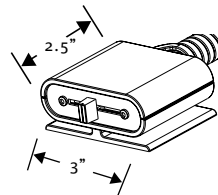

Arm options:

Single arm (S) straight arm that allows up and down movement of the arm. This option is ideal for small work spaces or offices where the mounting point is close to the task that needs to be illuminated.

Dimming module (MUS DIM)

- 100% - 15% dimming range
- 3.00" wide x 1.4" tall x 2.5" deep
- ABS Plastic
- Platinum and black finish
- 12' un-stretched coiled cord
- Slide control to dim - slide right to left
- The dimmer plugs into the Mumbo LED power supply
- Steel spring clip surface mounting bracket
- Assembled in Michigan, USA

Specifying notes:

- Detachable plug-in ballast, "quick connect", allows the user to install the light easily into new or existing installations.
- Panel mount design varies slightly with office furniture system panel.
- Chicago cord is applicable to the Railite mounting option only.
- Cord managers available as an option for railite, magnetic mount or panel mount options. See task light pages for cord manger information and pricing.
- The freestanding base has a footprint of 7" in diameter.
- Total weight of JU / MU freestanding base is 3 pounds.

SIN # 722-01

JU/MU base model prices, less mounting

Base Number	Net Price
JU S	\$ 66.99
MU S	\$ 89.10

No minimum order quantity.

JU/MU option prices

Option	Description	Code	Net Price
Mounting:	Freestanding	FS	\$ 31.68
	Clamp mount-min clearance	CMM	15.51
	Clamp mount-waterfall edge	CMW	18.81
	Panel mount	PM	13.86
	Magnetic mount	MM	12.54
	Surface mount	SM	11.88
	Railite	RL	18.81
	Railite with Chicago cord	RLCHC	34.65
Dimming:	Slide control dimmer (MU only)	DIM	33.33

Mounting options:

Freestanding (FS) weighted base

Clamp mount minimum clearance (CMM) allows the JU/MU to be mounted to most freestanding or hanging work surfaces. Adjusts to fit surfaces up to 2.25" thick. Two-piece design simplifies installation in an existing workstation.

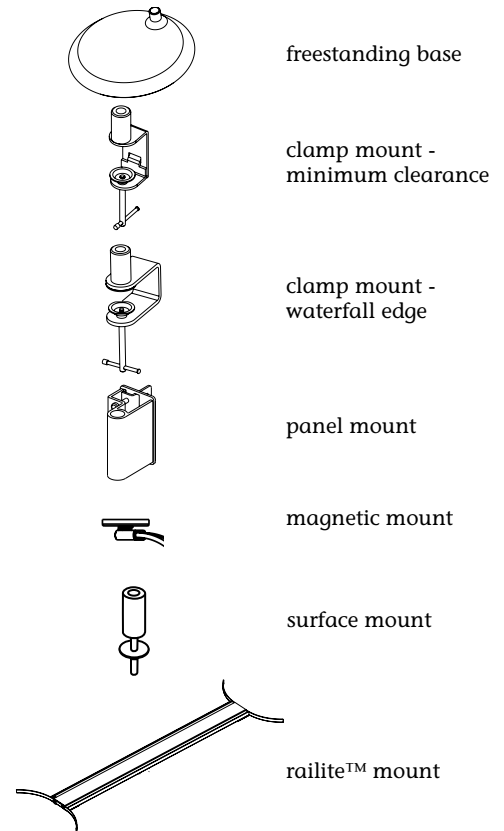

Clamp mount waterfall edge (CMW) allows the JU/MU to be mounted to most freestanding or hanging work surfaces. Fit surfaces 1 1/8" to 1 1/2" thick.

Panel mount (PM) allows the JU/MU to be mounted to various office furniture system panels. System must be specified. See mounting cross reference page 58.

Magnetic mounting (MM) allows the JU/MU to attach directly to the bottom of a metal shelf. A multi-pole ceramic magnet that is screwed to the light allows the JU/MU to be mounted to metal surfaces.

Surface mount (SM) allows the JU/MU to permanently attach to a work surface.

Railite™ mount (RL) allows the JU/MU to slide silently along a 20", 31", & 44" rail, mounted under a bin or shelf. The railite can be specified for mounting to wood shelves (WS) or metal shelves. For metal shelves, use manufacturer system code from pages 56-57 (reference VT column). Brackets available in 11", 13", & 16".

How to specify the JU/MU personal task light

Example JU S FS White

1. base model
2. arm option
3. mounting option
4. finish

1. Specify JU or MU.
2. Select arm option.
3. Select base / mounting option.
4. Specify black or white.

When PM is selected, select code for manufacturer and system name of unit that the light will be mounting in, page 23. For RL option refer to VT column on pages 22-23.

If manufacturer and system name code is not listed, identify them on your purchase order and a Light Corporation customer service rep will contact you on availability.

Call Light Corporation customer service to place an order, 1-800-544-4899

Prices are subject to change.
