

NIK

*Nik can integrate within, below or clamp on to your worksurface to provide convenient power at the ready. Choose from three configurations of outlets featuring up to two AC receptacles or four USB charging ports to support your unique power needs. And with 30 finish color options available, Nik blends tastefully with your furniture, or can serve as a standout pop of color on your desktop landscape. **Proudly designed and manufactured in Grand Haven, Michigan.***

NIK

Features

- Choose from three standard receptacle configurations
- Three mounting options available
- Aluminum housing can be powder coated in 30 finishes
- Includes both standard (1.5A) and fast-charging (2.4A) USB ports for rapid re-charging
- Choose from PVC cord in black or white, or woven fabric cord available in 4 colors
- Gradually powers down as charging cycles end to prevent over-heating and/or over-charging
- Tool-free installation for clamp-mounted units
