SPECIFICATION NOTES:

- Each unit Includes two cord managers. Additional cord managers are available for purchase.
- Custom configurations available. Please contact Inside Sales at 800.526.5658 for more information and estimate on lead time.
- Power strip cords will match finish color of the power strip.
- Not intended for interlinking. Plugging other power units or extension cords into the AC receptacles may violate your local electrical code.
- AC receptacles on the Nik unit can be specified with the default south orientation (ground pin down), or specified to be rotated north-facing (ground pin up), east-facing (ground pin on the right), or west-facing (ground pin on the left).
- The Nik unit features a straight strain relief as standard. A 90° angle is also available. Please contact Inside Sales at 800.526.5658 to specify.
- AC receptacles are not able to be custom painted.
- The clamp mount on the Nik unit applies to surfaces 0.75"-1.25" thick.
- Clamp mount does not extend beyond the back edge of the work surface.
