ORDERING NOTES

- To order, specify fixture size
- A 40-watt power supply is required for interlinking
- When connecting a string of Tuck fixtures, the total interlinked system wattage cannot exceed 36 watts. For more details, see the Interlinking Tuck Fixtures document on the Tuck product page on LightCorp.com.
- Do not interlink with any other fixture family
- An adapter is required if interlinking with a Tuck fixture purchased before February 2025. Please contact customer service for details.
- Additional cord managers are available for purchase
