LIGHTCORP

Nik+

Power Combo

LIGHTCORP

Nik+ pairs our radically configurable Nik unit with an integrated power strip for the perfect power combo—above and below the desk. It delivers fast, reliable charging that keeps every device powered with easy cord management.

Features:

- Choose from several configurations of AC, USB-A, and USB-C ports on Nik unit
- USB-C ports deliver high-output charging that supports everything from phones to performance laptops
- Choose from an integrated 4- or 5-outlet power strip that includes circuit breaker
- Tamper-resistant outlets available as an option on power strip
- Dozens of powder coated color finishes available for Nik unit; power strip is available in black or white finish
- Made with fully-recyclable powder coated aluminum, steel and plastic
- Nik unit can be mounted under or clamped to surfaces
- Power strip features dual mounting orientations
- 2-year warranty
