

## A classic solution, updated with efficient LED performance

Tazetta LED refreshes our long-standing under shelf fixture with a mercury-free, long-life LED design. Delivering flicker-free, high-quality illumination with excellent color rendering, it's available in three daisy-chainable lengths and neutral finishes for reliable lighting beneath shelves and overhead storage.

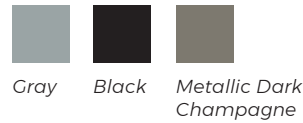

**STATEMENT OF LINE**

- Available in 24", 36" and 48" lengths
- Standard or high output

**FINISHES**

**FEATURES AT A GLANCE**

|                              |                |
|------------------------------|----------------|
| <b>Lamp</b>                  | T5 LED tube    |
| <b>Average rated life</b>    | > 50,000 hours |
| <b>Color temperature</b>     | 3500K          |
| <b>Color rendering index</b> | 82+            |
| <b>Wattage</b>               | 8.7-13.6 watts |

**SUSTAINABILITY**

- Made with fully-recyclable powder coated steel and plastic
- New, improved power consumption
- High-efficiency prismatic lens
- Mercury-free LED
- May contribute to LEED points
