About California Proposition 65	19

NEED HELP?

Have questions or need more information on our products? We're happy to help! Contact us at (800) 526-5658 anytime Monday through Friday from 7:30 AM — 5:00 PM (EST) for assistance.

WARRANTY, TERMS & CONDITIONS

Please visit LightCorp.com for details on our warranty and terms and conditions policies.

FREE SHIPPING

We are pleased to offer the considerable value of free shipping on all orders totaling \$5,000 (net). For orders totaling less than \$5,000 (net), a small handling fee will be added:

- orders \$2,500 or less \$25 handling fee
- orders \$2,501 - \$4,999 \$50 handling fee

STANDARD LEAD TIME

Another added value that we are proud to offer our customers is dependable and fast order fulfillment. Our standard lead time for most products is 10 days from order acknowledgment.

A NOTE ABOUT ACCURACY

We make every effort to ensure our printed product specifications are published with accuracy. However, specifications to products can possibly change after publishing. For the most up-to-date product and specification information, please visit LightCorp.com.

ORDERING NOTES

- Includes mounting hardware
- Maximum load for 36" rail is 50 lbs.; 18" rail is 33 lbs.
- Individual hook maximum load is 8 lbs. each

California's Proposition 65 (Prop 65), also called the Safe Drinking Water and Toxic Enforcement Act, is a Right to Know law regarding Californians being able to make informed decisions to protect themselves from chemicals known to cause cancer, birth defects, or other reproductive harm. The law requires that all businesses provide a 'clear and reasonable warning' if one or more listed chemicals may be present within the product, even if in trace amounts. This warning must include at least one chemical present within the product. To comply with this law, a warning will appear on all LightCorp products in the form of a packaging label, in the following format shown below:

CALIFORNIA RESIDENTS: The base glide used within this product may expose you to chemicals including Benzo[a]pyrene, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

LightCorp or products under our Most Modest label may contain traces of one or more of the 900+ listed chemicals. Exposure to these chemicals may occur during installation and/or use of LightCorp products and may be negligible or well within the "no significant risk" range. However, based upon knowledge regarding the presence of one or more listed chemicals, LightCorp has chosen to provide a warning without conducting exposure levels per product due to its complexity.

Washing your hands after handling these products can reduce your risk of exposure. Exposure can include the following:

- Power supply cords, wiring and other parts made of PVC material may expose you to chemicals including phthalates like DINP, DEHP and/or lead
- Product switches, lens material or other plastic parts, may expose you to chemicals including bisphenol A, phthalates like DINP, DEHP and/or polychlorinated biphenyls (PCB)
- Unpainted galvanized sheet metal parts, present on some underbin products and/or mounting brackets, may expose you to chemicals including lead and/or nickel
- Powder coat paint, although cured during the painting process, may expose you to chemicals including bisphenol A, nickel oxide, 2-mercaptobenzothiazole, 2-methylimidazole,

carbon black and/or titanium dioxide. (Exposure to paint chemicals exists only if the paint were to flake or the product was sanded and particles were to become airborne)

- Plastic Tray parts may expose you to chemicals including Bisphenol A, Phthalates like DINP, DEHP and/or Polychlorinated biphenyls (PCB)
- Rubber feet may expose you to chemicals including 1,3-Dichloro Isopropyl Phosphate, 1,4-Dioxane, 1-Methyl-2-Pyrrolidone, Acetaldehyde, Acrylonitrile, Benzophenone, Carbon Black, Chromium, Chromium (III) Compounds, Cobalt, Ethylene, Formaldehyde, Furan, Methyl Alcohol, Nickel Bis(2,4-Pentanedionato-o,o')-(SP-4-1), Propylene Oxide, Silica Amorphous, Styrene, Titanium Dioxide and/or Toluene
- Base glides may expose you to chemicals including Benzo[a]pyrene

For more information, go to <http://www.P65Warnings.ca.gov>.
